**Note:** The FFAA does not intend to replace individual class reunions. Instead, the objective is supporting and facilitating them. Also, it is not the intent of the FFAA to replace the fine work being done by the other, older alumni associations in raising scholarship funds for our graduating seniors. Rather the FFAA will supplement their work by representing graduates of the combined Fonda-Fultonville school since 1954. Can you think of a better way to stay networked with old friends while we help our graduating seniors ?
